CHRISTCHURCH TRAMWAY

Christchurch Tramway is a quality inner city tour experience that combines the heritage of the trams, attractions and historic buildings with the culture of the Garden City. The 2.5 kilometre track takes about 25 minutes to complete and allows you to take in many of the "must see" attractions. Our tram drivers provide a live, entertaining and informative commentary throughout the journey and guests are encouraged to hop on and off the trams at leisure to explore the sights up close. The beautifully restored heritage trams are also available for special events. Let us help you organise a truly memorable function. Outlined below is a basic list of some of the options that we have available.
